

# Cast Stone Paving

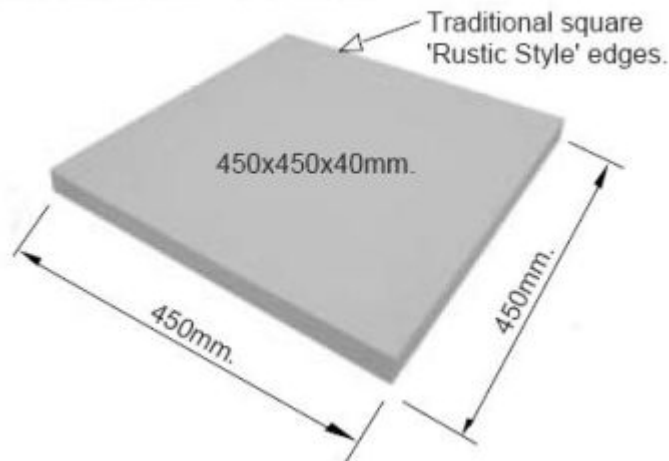

## SMOOTHSTONE PAVERS.

These pavers are all hand made and have a smooth even surface with a pencil round top edge and 3mm tapered sides. They can be laid like a standard paver but the tapered sides make them ideal to be laid over a concrete slab with pointed grout joints.

Standards Sizes.	Units per sq/m.	Units per pallet.	Approx. weight.
450x450x50mm	4.90	60	18kg
600x300x50mm	5.50	60	15kg
